I. Chino Basin Program

- Staff presented a verbal status update on the Chino Basin Program (CBP), led by IEUA and in partnership with regional stakeholders. The update included that the seven contracting agencies drafted a joint letter to Inland Empire Utilities Agency's (IEUA) General Manager, Shivaji Deshmukh. The letter requested responses to key questions and concerns identified as the next step of the CBP.
- Staff also stated that this item was discussed at Chino Basin Watermaster, and Appropriative Pool will draft a similar letter to IEUA in the coming weeks.

Meeting Adjourned at 5:00 p.m.
